### **About Heli Americas**

Heli Americas, based in Memphis Tennessee was founded in 2007 to provide both Material Handling Dealers and their customers the highest value product available in the US Marketplace. The Heli forklift line, ranging from 2,000 to 36,000 pound capacity, is rugged both in design and componetry, without the overly complex technology, and its associated acquisition and repair costs, that has become commonplace in the material handling industry.
